

Fish Springs National Wildlife Refuge Presents International Migratory Bird Day & Pre-History Week Saturday May 14 2005 9 AM to 5 PM

PRE-HISTORY EVENTS

Flint knapping
Atlatl throwing
Ethnobotany (plant use)
Pre-historic Wildlife
Pre-historic human occupation
Cave tours
Goshute history

BIRDING EVENTS

Birding tours
Bird banding

8000 years ago Ice-age Indians used spears thrown with a special stick called an atlatl. The extra leverage of the atlatl allowed them to hunt large mammals such as mammoths and giant bison.

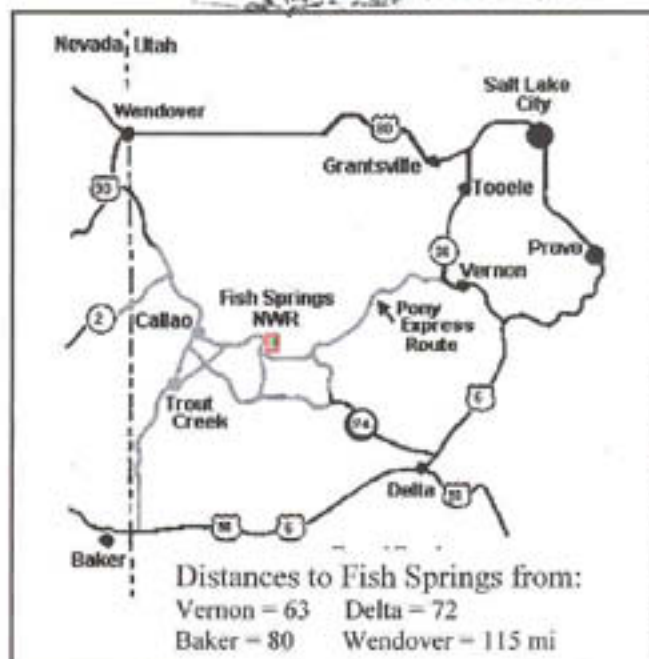

CAVE TOURS

Walk in the steps of inhabitants from 11,000 years ago. Cave tours will be held at 12:00 and 3:00 PM. The hike to the cave is a physically demanding with a climb up steep hills with loose rocks.

POT LUCK and CAMPFIRE TALKS!

Sat evening there will be a potluck and campfire talks. If you attend please bring a potluck dish. Camping will be allowed on the Refuge May 13 and May 14. Check in at Refuge headquarters first.
